The main focus in the work of our delegation was placed on expanding our partner network: representatives of the airline held numerous productive meetings and negotiations with foreign tour operators and industry experts. The key topic of the discussions was our entry into the Polish market – starting from the fifth of April 2027, we begin operating regular flights from Tashkent to Warsaw.

In addition, together with the Embassy of the Republic of Uzbekistan, a Road Show was organized: within the framework of this event, Uzbekistan Airways presented our capabilities, while domestic tour operators showcased the rich tourism potential of the country – itineraries across Samarkand, Bukhara, and Khiva, as well as destinations for gastronomic, ethnic, ecological, and mountain tourism. The program continued with business-to-business meetings, opening new prospects for passenger traffic growth and the development of cooperation.
