Uzbekistan Airways announces a 21% discount on the occasion of Youth Tourism Week

2023 14 March

In connection with the Youth Tourism Week, Uzbekistan Airways announces 21% discount for schoolchildren, students and young people between the ages of 12 and 30 (citizens of the Republic of Uzbekistan) on economy class fares of domestic flights on March 23-31 this year.

The fare discount offered on refund/rebooking/reissuance of the airline ticket is not applicable to refund/rebooking fees. A passenger who wants to return a partially used airline ticket on the day after the end of the discount will receive a refund in the amount purchased on the day of the discount.

When reissuing unused or partially used airline tickets, discounts will not be applied to the full fare level if one of the departure dates does not fall after the end of the discount period.

You can purchase discounted airline tickets only in Uzbekistan Airways Sales or its agents.
