Uzbekistan Airways resumes flights to Indonesia

2023 21 March

Uzbekistan Airways continues to expand the geography of its flights in the current spring-summer season and after a three-year break, the airline is resuming flights on Tashkent-Jakarta-Tashkent route. Regular direct flights will be operated once a week on Wednesdays from April 26, 2023. It should be noted that there are convenient connecting flights from Jakarta to Bali, Indonesia which helps you to travel there.

Flights are carried out on a modern and comfortable Dreamliner 787 aircraft.

Purchase airline tickets through the airline's official website www.uzairways.com, as well as through the UzAirways mobile application, Uzbekistan Airways Sales, or from the airline's agents.
