Travel to German Cities on the Wings of Uzbekistan Airways

2023 30 October

Germany is one of the first countries where Uzbekistan Airways started to operate international flights. In 1993, Uzbek citizens and guests of the country had an opportunity to travel from Tashkent to Frankfurt, one of the largest business centers of Europe.

For 30 years, with the exception of the pandemic period, flights to Frankfurt have been operating on a regular basis, strengthening economic and tourist ties between the countries. Today the air service between Tashkent and Frankfurt is carried out on Mondays, Thursdays and Saturdays on a modern Airbus 321Neo aircraft.

Starting from October 29, another German city – Munich, the most densely populated city of the Bavarian federal state, will appear on the Uzbekistan Airways flight map. It is famous all over the world for its beautiful architecture, gastronomy and Oktoberfest festival.

The new flight Tashkent - Munich - Tashkent will be operated twice a week - on Fridays and Sundays, according to the following schedule:

- Departure from Tashkent at 06:25, Tashkent time;
- Arrival in Munich at 9:20, time according to Munich;
- Departure from Munich at 10:45, time according to Munich;
- Arrival in Tashkent at 21:05, Tashkent time.

Traveling to Frankfurt or Munich will become even more exciting thanks to the agreement between Uzbekistan Airways and Deutsche Bahn. Airline passengers have an opportunity to purchase a ticket for a single transportation on an

international flight and Deutsche Bahn section of German railroads. Detailed instructions on how to obtain a boarding pass for a railroad train can be found by clicking on the link – https://www.uzairways.com/ru/deutsche-bahn.
