A young fan of the airline

2024 8 February

Meet a big fan of our airline's airplanes from Novosibirsk - Misha Pticin.

His drawings of aircraft inspired us to support his love for aviation and send him memorable gifts, including a model airplane.

The Pticin family has become convinced that Uzbekistan Airways is more than just an airline and airplanes. It's also about people who are united by one goal - to inspire passengers to explore new horizons.
