Number of the Day: 9. That's How Many Flights a Week We Operate to Dubai

2024 29 March

We fly from Tashkent to Dubai and roundtrip every day, and on Fridays and Sundays we operate one more flight in the evening. Should we mention that now citizens of Uzbekistan can stay in the UAE for up to 30 days without obtaining a visa? Do not wait for signs of fate and go on a trip at a time convenient for you!

P.S. Not everyone knows about the two new evening flights, which means that the demand for them is lower and the cost of the flight, respectively, can be cheaper!
