Changes in check-in time on Uzbekistan Airways flights

2024 17 April

Considering the increase in the number of flights and passenger traffic at Tashkent International Airport, new check-in rules for international flights have been introduced. Now the check-in deadline for Uzbekistan Airways international flights is 1 hour before departure instead of 40 minutes!

Passengers are kindly requested to arrive at the airport well in advance, taking into account the additional time required for pre-flight procedures.
