Uzbekistan Airways Accepts Recruitment for Pilot Training

2024 16 May

From May 15, 2024, Training Center LLC of Uzbekistan Airways JSC begins accepting documents from candidates for training courses for civil aviation pilots.

Requirements for candidates:

- to have citizenship of the Republic of Uzbekistan and a biometric passport of a citizen of the Republic of Uzbekistan for traveling abroad;
- to be between 20 and 32 years old at the time of application. With the permission of the Chairman of the Board of Uzbekistan Airways JSC, for employees of Uzbekistan Airways JSC and enterprises included in its structure, as well as the Uzaeronavigation Center under the Ministry of Transport of the Republic of Uzbekistan, candidates under the age of 40 are allowed to participate, with condition of work experience in the above organizations for at least five years;
- to be fit to perform the duties of a pilot in accordance with the medical requirements established by the Uzaviation agency under the Ministry of Transport of the Republic of Uzbekistan, which is confirmed by the provision of a MFEC certificate (Medical Flight Expert Commission);
- completed higher education (at least bachelor’s degree) in a technical specialty;
- to speak the state and Russian languages to the extent necessary to master the training program;
- to speak English at a level sufficient to master the training program, as confirmed by one of the valid national or foreign certificates of English language proficiency:

- with level 6 and above in IELTS;
- with level 79 and above in TOEFL (iBT);
- degree B2 and higher according to CEFR;
- FCE level and higher according to CAE;

- level 4 and above as determined by the ICAO English language proficiency level;
- to have a military ID with the mark “recognized as fit for military service”;
- not to have an unexpunged or outstanding criminal record for committing crimes.

If you have a higher technical education received outside the Republic of Uzbekistan, a diploma of graduation from a foreign university must be nostrified by the time of submission of documents in the prescribed manner.

If any of the above conditions are not met, documents will not be accepted, and no deviations from these requirements will be allowed.

After receiving documents, candidates will undergo a medical examination, professional psychological selection and exams in higher mathematics and physics.
