Uzbekistan Airways Children’s Travel Kit Recognized as the Best at the TravelPlus Airline Amenity Awards

2024 31 May

Children’s kits provided to young passengers on Uzbekistan Airways international flights won the prestigious TravelPlus Airline Amenity Awards according to 2024 results.

Uzbekistan Airways children’s kit is a yellow, blue or green backpack filled with bright and entertaining objects for creativity and games. Inside, children will find a set of colored pencils, an educational coloring book with logical tasks, rebuses and puzzles, a keychain, as well as puzzle cubes or a walking game with chips. The development of this kit was carried out in partnership with Kaelis.

TravelPlus Airline Amenity Awards were established by the British travel publication TravelPlus in 2006. Since then, the best travel kits have been awarded annually based on the opinion of passengers, which is evaluated by independent jury. This year’s award ceremony took place on May 28 in Hamburg as part of the World Travel Catering & Onboard Services Expo.

Uzbekistan Airways actively strives to improve the quality of passenger service by developing and expanding its range of service products. We are proud that our children’s travel kits have received such a high rating. Our goal is to make travel comfortable and exciting for passengers of all ages.
