Uzbekistan Airways and Sixt launch car rental service

2024 19 August

The service offers a wide range of vehicles, high level of service and reliability. The service is already available on the website www.uzairways.com.

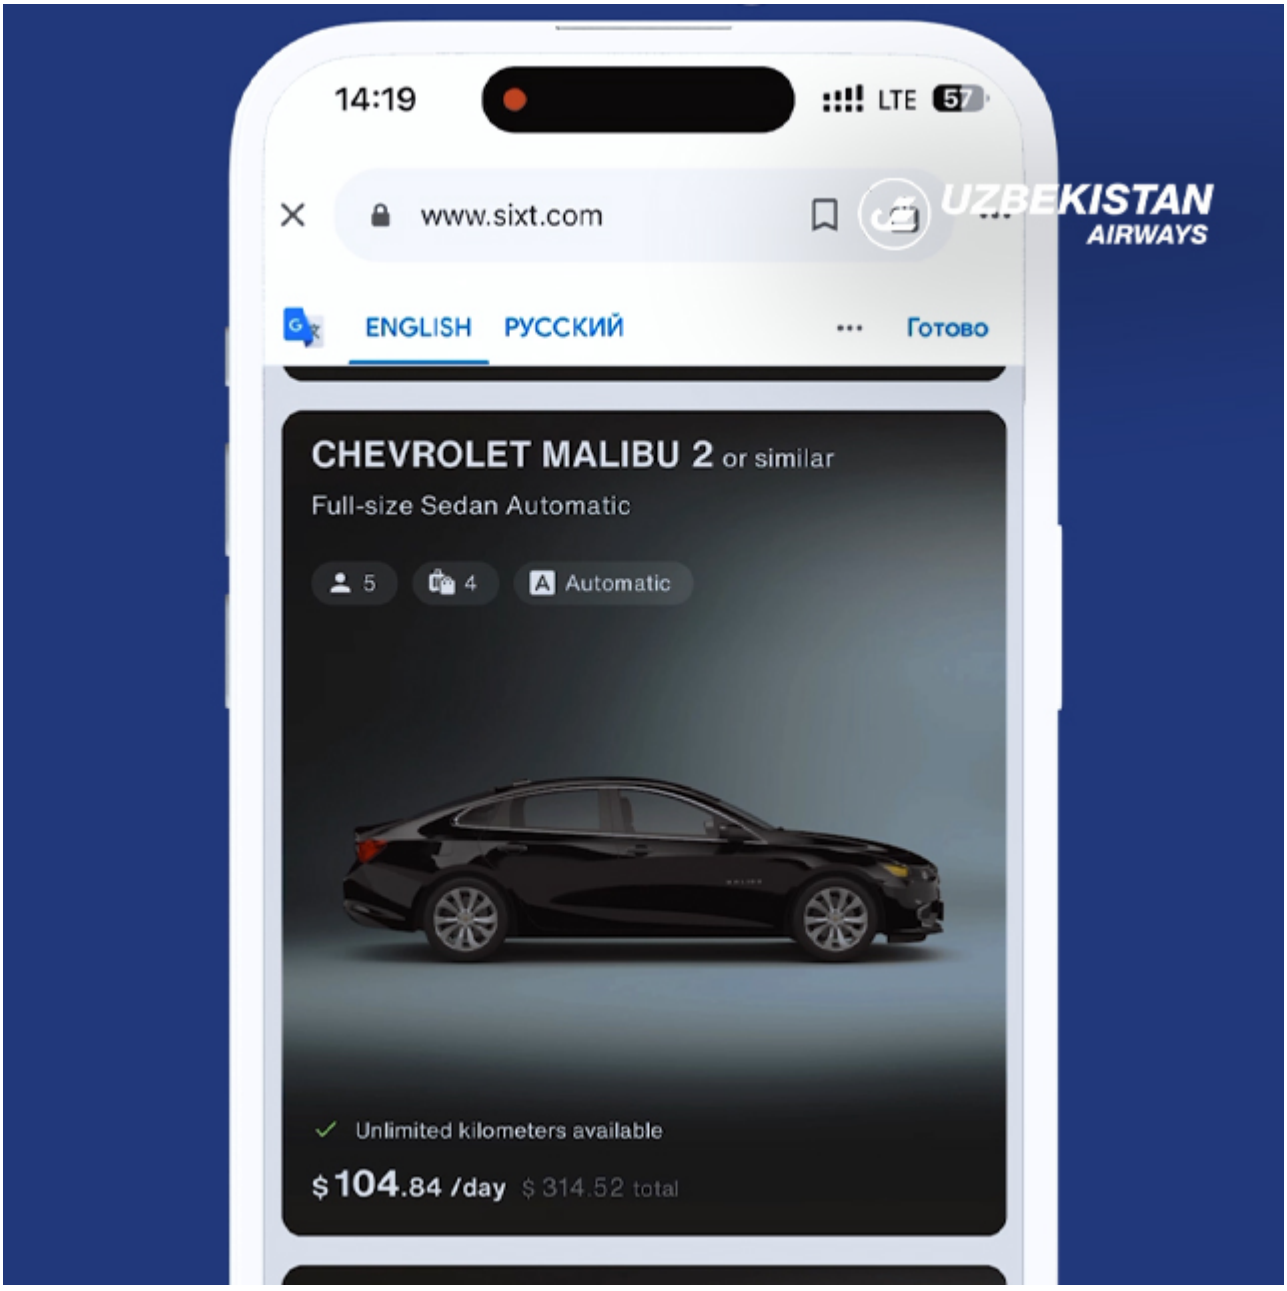

Uzbekistan Airways announces the launch of a partnership with the prestigious international company Sixt, which provides car rental services. As part of the cooperation, the airline's passengers will have access to a wide selection of cars from compact models to luxury SUVs. Other advantages of the service: affordable prices, flexible rental terms, free cancellation and change of booking when paying on arrival, as well as 24/7 service.

To use the car rental service, go to the website www.uzairways.com and click on "Ground transportation". First, you should indicate the time, date, place of pick-up and return of the vehicle, then fill in all the necessary fields to complete the rental.

Sixt is one of the oldest and most prestigious car rental companies in Europe and around the world, with 100 years of experience, representation in 100 countries and 2,200 rental points worldwide.

Plan your trips with Uzbekistan Airways and enjoy the freedom of movement on any route with Sixt!
