“Innovative Ideas – 2024” contest

2024 5 November

On November 5, the first stage of the contest “Innovative Ideas – 2024” in the field of air transport was held in the conference hall of the head office of Uzbekistan Airways. The contest is held to identify the most promising innovations and technologies, as well as to create conditions for the disclosure of creative abilities and realization of the potential of young people.

Three winners were identified in this stage of the competition:

1st place. Feruzkhon Rustambekovich Gaipov

2nd place. Karimov Mardonbek Davronbek.

Both specialists of Marketing and Commerce Development Division of Transportation Marketing and Sales Department.

3rd place. Kudratova Laylo Bakhtiyarovna, flight attendant.
