

Uzbekistan Airways participated in a meeting with students of TSTU

2025 20 February

The Tashkent State Transport University hosted a meeting of students with the heads of leading transport organizations of Uzbekistan. Alisher Sattarov, First Deputy Chairman of the Board for Transformation, Finance and Digitalization, spoke on behalf of Uzbekistan Airways.

The event was aimed at expanding students' knowledge of the activities of the largest companies in the transportation industry, as well as deepening their understanding of the socio-economic, technical and technological reforms being implemented in the sector.

"Our task with our colleagues at today's event is to awake your interest in aviation. Once in this field, you will not be able to remain indifferent to it. Yes, the competition in the labor market is high, but your main advantage is a solid base of knowledge in aviation, laid by your teachers. Use this foundation, don't be afraid to move forward and improve yourself. Everything depends on your efforts. I sincerely wish you to become professionals in your field," Alisher Sattarov, First Deputy Chairman of the Board of Uzbekistan Airways for Transformation, Finance and Digitalization, addressed the students.

The event was also attended by Doniyor Jumayev, Director of SUE "Uzaeronavigation", Javlonbek Umarxodjayev, Chairman of the Board of "Uzbekistan Airports" JSC, Jamoliddin Nazarov, Head of Air Transport Department, and Ravshan Nabiyeu, Head of Flight Safety Supervision Department.

The meeting allowed students to get acquainted with current trends and prospects of the industry, as well as to discuss professional growth and career opportunities.
