- HY611, operating on the route Tashkent – Moscow (Vnukovo), has been redirected to Pulkovo International Airport.
- HY9615, operating on the route Urgench – Moscow (Vnukovo), has been redirected to Pulkovo International Airport.
- HY603, operating on the route Tashkent – Moscow (Domodedovo), has been redirected to Urgench International Airport.

Once the restrictions are lifted, all flights will continue to their originally scheduled destinations. However, adjustments to the schedule of subsequent flights may occur.
