Uzbekistan Airways and Asiana Airlines — Reaching New Heights Together!

2025 8 May

We are pleased to announce the launch of a **codeshare partnership** with **Asiana Airlines**!

Travel between **Tashkent and Seoul** is now even more convenient — **more flights, more flexibility, and more comfort.**

What is a codeshare agreement?

It’s a partnership where flights operated by one airline can be booked under the code of another. For you, this means:

✔ More flight options

✔ A single ticket

✔ Through baggage check

✔ Seamless connections

This collaboration opens up new opportunities for our passengers and expands the route networks of both airlines, meeting the growing demand for international travel.

Tickets will be available for sale starting May 20, 2025.

Your perfect journey to South Korea is closer than ever!
