

Children's Discount for the Autumn Holidays

2025 24 October

Make your family trip even more enjoyable and affordable! On routes between cities of Uzbekistan and Istanbul, Dubai, Bangkok, Kuala Lumpur, Baku — and vice versa — Uzbekistan Airways is offering a 90% discount for children on all published individual economy class fares.

Discount Terms and Conditions:

1. Sales period: from October 25 to November 2, 2025 (inclusive);
2. Travel period: from November 1 to November 9, 2025 (inclusive);
3. Discount details:
 - a. No discount applies to adult passengers;
 - b. For accompanied children aged 2-12 and infants under 2 occupying a seat, the total discount (including the standard child discount) amounts to 90% off the adult economy class fare (discount code - PTT); Infants under 2 years of age who do not occupy a seat are not eligible for this discount.

The discount is filed and automatically applied during fare calculation. In the PTC/Discount Code field, please enter PTT for CHD.

4. In case of refund, rebooking, or reissue, the discount does not apply to refund/reissue/NO-SHOW fees, which are charged in accordance with the standard rules (using the 25% child discount). When calculating refunds for partially used tickets, the fare for the used segment is deducted using the standard 25% child discount.
5. If a fully unused ticket issued with the promotion is rebooked/reissued for travel dates outside the promotion period, the fare must be recalculated using the standard 25% child discount. Exceptions include mileage upgrades to class Z and name or passport corrections under the Change Name Policy.
6. For tickets issued before the start of the promotion but rebooked for travel between November 1 and November 9, 2025, the standard 25% child discount applies.

7. For tickets rebooked for flights on or after November 10, 2025, the discount does not apply to the second segment outside the promotion period, including open-date return segments. If the new departure date does not fall within the promotion period, the segment must be reissued using the standard 25% child discount.
8. If a ticket issued on October 1, 2025 (15% Teacher's Day promotion) is reissued for flights during this promotion, recalculation will be based on the standard 25% child discount.
9. The discount applies only to travel segments falling within the promotion period.
10. Discounted sales are available on the airline's website (in UZS/USD/RUB), at Uzbekistan Airways Sales offices and authorized agents in Uzbekistan, and abroad through the airline's own sales network (agents working under direct agreements with HY - 250210...). The promotion does not apply to BSP, TKP, or ARC agents.
11. Discounts cannot be combined. Booking must be made in the same PNR as the accompanying adult passenger.
12. The discount applies to all published OW/RT individual economy class fares on routes between cities of Uzbekistan and Istanbul, Dubai, Bangkok, Kuala Lumpur, Baku (and vice versa). It does not apply to SPA, Code-Share, through fares (RBD J, H, E, N, Q, W), group bookings, or block seat agreements.
13. For combined itineraries or fares involving Code-Share segments, each leg must be issued on a separate ticket for the child discount to apply correctly.
14. The discount does not apply to unaccompanied minors.

Attention: *In addition to the passenger and cargo transportation fare, various taxes, fees, and surcharges are applied, to which the 90% discount does not apply.*

Give your children unforgettable travel memories with Uzbekistan Airways!
