Caring for nature: Uzbekistan Airways employees took part in a nationwide hashar campaign

2025 8 November

Representatives of Uzbekistan Airways, including the airline's management, joined a large-scale hashar campaign. The event took place in the Ozdolik mahalla in the Akhangaran district of the Tashkent region.

As part of the hashar, airline employees, together with representatives of the Ministry of Transport and other subordinate organizations, planted trees, improved the territory, and contributed to the improvement of the ecological situation in the region.

Uzbekistan Airways' participation in such initiatives reflects the airline's commitment to caring for nature, developing an ecological culture, and fostering a responsible attitude towards the environment.
