Discounts on Uzbekistan Airways

2026 12 January

Uzbekistan Airways offers a discount on economy class fares on all international routes (except for cities in the Russian Federation) under the following conditions:

1. Sale period: from January 13, 2026, to March 15, 2026;

2. Departure period: from January 13, 2026, to March 28, 2026 (inclusive);

3. Discount amount offered on economy class fares:

- for adults: up to 15% of economy class fares;

- for children aged 2 to 12 and children under 2 years of age occupying a seat in the cabin – 15% of the published economy class fare with the application of a child discount (the published discount amount for its correct calculation will be 36% of the adult economy class fare);

- This discount does not apply to children under 2 years of age who do not occupy a seat in the cabin.

4. In case of refund/rebooking/reissuing, the discount provided on the fare does not apply to the fees charged for refund/rebooking/NO-SHOW; for children, the fees are charged in accordance with the established procedure (with a 25% discount). To calculate the refund amount for a partially used ticket, the fare for the used segment is deducted without applying the discount.

5. In case of reissuing/rebooking completely unused tickets issued with a discount on dates that do not fall within the discount period, the difference to the full fare must be paid without applying discounts.

6. In case of reissuing/rebooking tickets issued without a discount for flights in the period from January 13, 2026, to March 28, 2026, the discount does not apply to the fare.

7. In case of reissuing/rebooking flights from March 29, 2026, for partially used tickets issued with a discount, the discount does not apply to the second segment that does not fall within the promotion period, including the OPEN DATE segment on the return leg of the route. If the new departure date for the OPEN segment does not fall within the promotion period, the discount does not apply to this segment of the route, and the ticket must be reissued.

8. In the event of reissuing completely unused tickets issued during previous promotions for flights during the current promotion, the discount does not apply (an additional payment must be made at the fare rate);

9. Reissuing/rebooking and refunding tickets issued with a discount must be done manually;

10. The discount applies only to the section covered by the promotion period. The discount does not apply to group bookings and flights where the entire economy class capacity is sold as a block of seats;

11. Sales with the discount are permitted on the airline's website (for UZS/USD/RUB), in Uzbekistan (at the Uzbekistan Airways Sales branch and its agents), and abroad only for own sales (25021...) on own flights. Does not apply to BSP/ARC/TKP agents.

12. Commission on airline tickets with the above discount is provided in accordance with the established procedure;

13. Combining discounts, except for children's discounts, is prohibited.

14. Discounts are permitted for all published individual fares (OW/RT) in economy class on direct international routes. When selling through tickets, the discount applies only to the international segment. The discount does not apply to SPA fares or through fares (RBD J, H, E, N, Q, W). When combining routes, in order to apply the child discount correctly on each segment, the transportation must be booked with separate tickets.

Note: The discount applies only to the tariff. Taxes and fees are paid additionally.
