Uzbekistan Airways participates in TITF-2026

2026 22 January

Uzbekistan Airways has taken part in one of the region's largest tourism exhibitions – the Thailand International Travel Fair (TITF-2026). Currently held in Bangkok, the fair brings together key representatives from the global tourism and aviation industries.

During the event, Uzbekistan Airways presented its current and future offerings for the Thai market, highlighting the potential for expanding tourism, business, and cultural exchanges between Uzbekistan and Thailand.

On the very first day, the event’s attendance, including visitors to our stand, exceeded 30,000 people. This high turnout demonstrates a strong interest in tourism destinations and air connectivity between the two nations.

Participation in TITF-2026 is a key strategic event for the Southeast Asian region, aimed at strengthening partnerships and promoting Uzbekistan as an attractive tourist destination. This initiative also facilitates an increase in tourist flow, aligning with the objectives set by the President of the Republic of Uzbekistan.

Uzbekistan Airways continues to actively develop its presence in the Thailand market by expanding cooperation with local partners and offering passengers new opportunities for comfortable travel.
