Dear passengers traveling to India,

2026 30 March

Starting from April 1, 2026, the use of paper immigration arrival cards (DE cards) in India will be discontinued.

All foreign nationals are now required to complete an electronic arrival card (e-Arrival Card) in advance – within 72 hours prior to arrival. The form can be completed online via the Indian visa service website (indianvisaonline.gov.in/earrival) or through the Su-Swagatam mobile app.

Please note that paper forms will remain valid only until March 31, 2026.

If you are planning to travel to Delhi or Mumbai on Uzbekistan Airways flights, we kindly recommend completing the e-Arrival Card in advance to avoid delays during passport control.
