New York is Getting Even Closer: Increasing Flight Frequency!

2026 31 March

Dreaming of a springtime stroll through Central Park, seeing the iconic lights of Times Square, or planning an important business trip across the ocean? We’re making your travels to the USA even more convenient.

We are pleased to announce that starting this April, Uzbekistan Airways is increasing the frequency of its scheduled flights on the Tashkent – New York – Tashkent route. More flights mean more freedom and flexibility in planning your perfect schedule!

Tickets are already on sale! Comfortable journeys begin with Uzbekistan Airways!
