Uzbekistan Airways is taking part “OTDYKH”

2026 9 April

Uzbekistan Airways is taking part in the International Tourism Fair “OTDYKH”, held in Minsk from April 9 to 11.

Participation in one of the region’s key industry events has become an important platform for strengthening professional ties and promoting the tourism potential of the airline’s destinations. At the Uzbekistan Airways branded stand, visitors can explore the route network, learn more about current offers and services, and receive personalized консультации from the airline’s representatives.

Particular attention is given to the business program: the exhibition features extensive and productive B2B meetings with partners and representatives of the tourism industry. Discussions focus on prospects for cooperation, route network development, and new opportunities for mutual growth.

Participation in the “OTDYKH” exhibition once again confirms Uzbekistan Airways’ commitment to expanding its international presence, strengthening partnerships, and creating even more comfortable travel conditions for passengers.

We also invite you to visit our stand at the BelExpo Exhibition Center (Hall 5)!
