Uzbekistan Airways Invites Entrepreneurs to an Open Dialogue

2026 22 May

In order to ensure the prompt review of appeals and to support entrepreneurial initiatives, Uzbekistan Airways is introducing a new practice of hosting daily meetings with business representatives.

Until August 15, 2026, on business days from 10:00 AM to 1:00 PM, the airline's executive management, along with the heads of its structural and subsidiary divisions – Catering, Uzbekistan Airways Technics, Uzbekistan Helicopters, Silk Avia, and Uzbekistan Airways Sales – will hold open receptions for business representatives. These sessions will focus on service development, the implementation of joint projects, and the evaluation of commercial proposals and inquiries.

We look forward to discussing prospects for mutual cooperation and new business initiatives!
