

Important information for the passengers traveling to the United States of America

2026 4 August

Esteemed passengers, we draw your attention to the updates in the rules of crossing the border of the United States of America. In accordance with the prescriptions of the Centers for Disease Control and Prevention of the United States of America, from July 31, 2026, temporary restrictions for entry entered into force.

The key requirements which it is necessary to consider before the departure:

- For the passengers who have been situated during the last 21 days in the Democratic Republic of the Congo (including the citizens of the United States of America), boarding onto commercial flights to the United States of America is categorically not permitted.
- The citizens of the United States of America and individuals possessing the status of nationals of the United States of America, who visited exclusively Uganda or South Sudan (without visiting the Democratic Republic of the Congo), are obliged to arrive in the United States of America exclusively through specially designated airports for passing the enhanced sanitary and epidemiological control: Washington Dulles International Airport, Hartsfield-Jackson Atlanta International Airport, George Bush Intercontinental Airport, John Fitzgerald Kennedy International Airport.

Responsibility of the passengers:

We draw special attention that during a violation of the established requirements or concealment of information regarding recent journeys, strict measures provided by the legislation of the United States of America may be applied to the passenger, up to deportation and the imposition of penalty sanctions.

Before planning the journey we strongly recommend to familiarize yourself with the full text of the current requirements on the official resources:

☐ Requirements of the Centers for Disease Control and Prevention:
