With love to the most fluffy companions: happy World Day of Cats!

2026 8 August

Today we congratulate all four-legged favorites and their caring owners on this wonderful holiday!

PET FOOD

For Uzbekistan Airways, care is not only the comfort of the flight at an altitude, but also kind deeds on the ground. In honor of the holiday, our team visited the wards of the "Cute Cats" shelter, and also donated supplies of dry and wet food to several other shelters for animals within Tashkent. We are glad to gift a piece of our warmth and attention to those who especially need this.

May the assistance to animals become a kind tradition for each of us, and may a loving person always be near every pet! Do good and discover the world together with Uzbekistan Airways.
