

Important Information for Passengers Traveling to Thailand

2026 2 September

Starting September 15, 2026, entry requirements to the Kingdom of Thailand for citizens of the Republic of Uzbekistan will change.

Until September 14, 2026 (inclusive), the 60-day visa-free regime remains in effect.

From September 15, 2026, the visa-free entry option and Visa on Arrival (VoA) will be cancelled.

For tourism purposes, citizens of Uzbekistan must now apply for a visa in advance.

Special attention for passengers on Flight HY531: The flight departs Tashkent on September 14, but arrives in Bangkok on September 15 — passengers on this flight are subject to the new visa requirements. You can submit your visa application prior to departure through the official system <https://thaievisa.go.th/>

Please note that online fee payment is not available on the website — the fee must be paid in US Dollars (USD) at the nearest Consulate of Thailand. We kindly ask you to take these changes into account when planning your trips. Have a pleasant flight!
