

We welcome the heroes of the nation!

2026 5 October

Today, with a tremendous pride, we welcome the national team of Uzbekistan, which triumphantly returned from the Asian Games of the year 2026 within Aichi-Nagoya (Japan)!

The athletes demonstrated an outstanding result, having occupied the fifth place within the overall team standings. Within the treasury of the national team are 70 medals: 21 golden, 25 silver, and 24 bronze medals! The brilliant performances within boxing, judo, taekwondo, weightlifting, artistic gymnastics, and other types of sports once again proved the strength and the unwavering character of the Uzbek school of sports to the entire world.

It is especially valuable that the road toward home for the athletes became truly comfortable: the champions arrived by a special direct flight of Uzbekistan Airways from Nagoya to Tashkent. For the airline, it is a tremendous honor to be a part of this victory and to deliver the national team to the Motherland.

We express gratitude for the vibrant emotions, for the victories, and for the pride!

Together with Uzbekistan Airways within any sky – you will feel yourself entirely at home!
