Important information for citizens of Uzbekistan when entering Russia

2021 13 August

«Uzbekistan Airways» JSC informs the citizens of Uzbekistan that from September 1, 2021, in order to enter Russia, it will be necessary to provide a «green» status QR code in the special application «Travel without COVID-19».

To get this QR code:

1. Install the free application «Travel without COVID-19» on your phone via the App Store, Google Play, AppGallery (Huawei app store);

2. After downloading, launch the application and specify the language, geolocation;

3. Select the direction – the country of departure and the country of arrival;

4. No later than 72 hours before departure, get tested for a PCR test in one of the accredited laboratories in Uzbekistan. Do not forget to inform the laboratory employee that you want to receive the test result in the «Travel without COVID-19» app. Indicate in the application the number and series of the passport on which you plan to travel;

5. Using the application, scan the QR code issued by the laboratory or obtained from the results of the analysis;

6. Crossing the border, show the authorized employee the QR code on the phone screen via the app.
