"Uzbekistan Airways" JSC makes its first flight on a new air transportation model

2021 30 August

In honor of the celebration of the 30th Anniversary of the Independence of the Republic of Uzbekistan, as well as in pursuance of the Resolution of the President of the Republic of Uzbekistan No. 5100 dated April 30, 2021, “Uzbekistan Airways” JSC moves to a hybrid model of air transportation and on August 30, 2021 the first flight was made on Tashkent – Moscow direction.

On the first flight of Uzbekistan Airways Express, together with the Ministry of Employment and Labor Relations of the Republic of Uzbekistan, 22 migrant passengers were invited, who were presented with one-time free tickets on Tashkent-Moscow route. This, in turn, testifies to the attention given to passengers who are unable to purchase air tickets.

Uzbekistan Express will focus on intra-republican and interregional transportation and will begin to carry out air transportation on 4 Airbus A320 aircrafts, arranged in "full economy". The future air transportation route map will also include key cities such as Moscow, Novosibirsk, Kazan, Rostov-on-Don, Krasnodar, Sochi, Mineralnye Vody, Yekaterinburg, Aktau and Aktobe.

It should be noted that the prices for air tickets for flights operated on airliners modified for Uzbekistan Airways Express have been reduced by 20% and from September this year will include the following directions:

- Tashkent - Moscow - from 1 490 645 soums, Tashkent - Moscow - Tashkent - from 2 833 750 soums;
