

«UAT» participates in the international exhibition MRO Russia & CIS 2021

2021 16 September

LLC «Uzbekistan Airways Technics» September 15-16 takes part in the exhibition MRO Russia & CIS 2021 in Moscow. MRO 2021 is the 16th international exhibition dedicated entirely to topical issues of aircraft maintenance and repair development.

The event includes a conference on the status and trends of the maintenance and airworthiness industry, the latest achievements and innovations of industry leaders and an opportunity to exchange views and news with colleagues from many countries of the world.

«Uzbekistan Airways Technics» participates in the exhibition MRO 2021 once again to tell about all available possibilities, services and certificates. Let us remind that the present complex «Uzbekistan Airways Technics» is a structural enterprise having more than 90 years of experience in the field of maintenance and repair of aircraft, engines of such aircraft as Boeing 757/767/787, Airbus 300/310/318/319/320/321 and its components.

«UAT» is a part of JSC «Uzbekistan airways», which is registered as IOSA operator, meeting the requirements of IATA Operational Safety Audit Programme.
