Congratulations on the day of teachers and mentors

2021 1 October

Dear teachers and mentors!

I sincerely congratulate you on your professional holiday - the Day of Teachers and Mentors!

This holiday is a wonderful occasion to remember the first mentors and express deep gratitude to our teachers, who by their example taught us to be kind, fair and humane.

I would like to note the very important and difficult work of each of you. Knowledge, experience, skill, energy, the manifestation of the best human qualities - all this is your concern for our future.

May your work bring as much joy and satisfaction as possible and be appreciated. I wish all representatives of this glorious profession health, happiness, prosperity in the family, inexhaustible energy and optimism.

Best regards, Ilkhom Makhkamov
