

# WELCOME TO NEW YORK STATE

## NEW YORK STATE TRAVELER HEALTH FORM rev. 7/13/20

(One form per adult required. Minor children can be included with one adult.)

In response to increased rates of COVID-19 transmission in certain states within the United States, and to protect New York's successful containment of COVID-19, the State has issued a travel advisory for anyone entering New York from a state that has a significant degree of community-wide spread of COVID-19.

If you have traveled from within one of the designated states with significant community spread, you must undertake a precautionary quarantine when you enter New York for 14 days from the last day you were in a designated state. This does not apply to any individual passing through a designated state for a limited duration (i.e. less than 24 hours) through the course of travel, or essential workers as outlined below.

For a list of states that meet the criteria for required quarantine due to significant community transmission, visit <https://ny.gov/states>

This is based upon a seven-day rolling average, of positive tests in excess of 10%, or number of positive cases exceeding 10 per 100,000 residents.

Upon entering New York, if you are a traveler and do not have a suitable dwelling for your 14-day quarantine period, you must find appropriate accommodations at your own cost. If you are a NYS resident returning from travel and do not have appropriate accommodations for quarantine, please call your local health department: [www.health.ny.gov/contact/contact\\_information/](http://www.health.ny.gov/contact/contact_information/).

For guidance on how to quarantine safely, visit: <https://ny.gov/traveladvisory>

### Please complete the following questions:

Last (family) name: \_\_\_\_\_ First (given) name: \_\_\_\_\_
